DISCOVER DSAS THE FIRST MUSICAL SERVER

Digital Sharing Audio Server

**The first Métronome music server,
powered by Audirvāna**

Métronome opens a new chapter with the launch of its first music server.

Born from the collaboration with [Audirvāna](#), DSAS combines Métronome's audiophile expertise with the recognized software expertise of Audirvāna Studio, delivering a fully integrated musical experience.

Audirvāna Studio fully integrated: 3-year subscription included to easily manage your files and streaming services.

- High-capacity storage: 2 TB internal SSD, expandable up to 4 TB.
- Full connectivity: Ethernet, WiFi, or external storage via USB.
- The Métronome signature: a perfect balance of design, technology, and musicality.

With DSAS, Métronome and Audirvāna reinvent the management and listening of digital music, offering a unique experience for music lovers around the world.
